E. Nowadays, the question of "do young people today make good use of their free time" make a lot of doubts. It is not only on adults minds, but in ours too. In this essay, I would like to express my point of view on this question.

As far as I know, many teenagers have a little bit of free time. Or maybe I am not right, but definitely they want to. And even if you ask me, "For what?" I can say that for me, frankly saying, free time need to take a break. For instance, it would be your favourite hobby or spending time with your family, friend, or you just want to rest on your bed. Actually, most of teens plays computer games, games on smartphone, watching Netflix, YouTube and etc. But in my humble opinion, all of this things do not helping our bodies, brain. And the main reason of is - just because it is not healthy.

Therefore, I can say that we should take our time right and healthy. On someone's shoes I would do it. So I wish you the best and of course a lot of free time on sport, yourself, books, family and hobby. Good luck!

Find out

Do young people today make good use of their free time?

I think that younger people have a lot of things that they can do in free time. But many younger people do not just sit around and do many good things for themselves.
